

Helping Older Drivers Find Their Safest Fit

Senior Drivers: free events! More confidence & safety

A vehicle that doesn't fit you can make driving uncomfortable and unsafe. CarFit will check you have:-

- Clear lines of sight
- Correct space between the driver's chest and the front airbag and steering wheel
- A driver's seat that fits comfortably and safely – giving easy access to controls
- Properly adjusted headrests
- Easy access to brake pedals
- Seatbelt adjustment for safety & comfort

CarFit checks take 20 minutes, done by trained technicians and an Occupational Therapist on hand
